Le, le le le
Le le le
Le le le le-le-le

Uh-uh-uh-uuh uhuh uhuh
The country is suffering, disaster!
There's no rain, disease is coming.
Wëh-wëh-wëh-wëh

We see disease.
We see drought.
The land is suffering.
There is no rain. Diseases come.

Cancer, malaria, AIDS, Ebola:

Wëh-wëh-wëh-wëh

We see disease.

Wëh-wëh-wëh-wëh

We see drought.

Let each one of you go to

The place of his faith.

Each one of us would go to...

The place of his faith.

Come out, come out, come out, let's go!

Come out, come out, come out, let's go!

Everybody approaches

The place of his faith.

Each one of us approaches

The place of his faith.

Let's go, let's go, let's go, let's go, let's go!
Church, mosque, or Sacred Grove
Church, mosque or Sacred Grove
Let's go, let's go, let's go, let's go, let's go!
Church, mosque, or Sacred Grove
Let each one of you go to
The place of his faith.
Come out, come out, come out, let's go!
Come out, come out, come out, let's go!

Rain, pour down! Have mercy, pour down!
Be merciful, pour down!
Diatta stream, diatta stream, diatta stream, diatta, diatta stream!
Aline Sitoë Diatta, beg for rain!
Rain, pour down so that people can work,
The doctor cares for people,
The doctor alerts people.

Everybody approaches
The place of his faith.
Each one of us approaches
The place of his faith.
Come out, come out, come out, let's go!
Come out, come out, come out, let's go!
